**B.** Once your rough draft is approved, take a large paper. On about half to three quarters of the paper, create a fancy table setting in color. Make it beautiful! Label all eight items that we studied in class in French using either un/une or mon/ma. Include "bol."

**C.** On the other part of the paper, write 1-6 and copy the answers from your rough draft.

**\* Use words you know how to say instead of looking up other words. You can use your notes for this assignment. If you see me tomorrow, you can work on this project in class tomorrow. If not, you will finish it on your own and bring it the next time you see me.**
