

Dear Parent(s)/ Guardian(s),

I am going to create a QUIZLET.com account for your child to use in class. QUIZLET is an excellent online learning tool that helps students to track their studying. I will create a user name for your child and his/her password will be his/her lunch number. I will enter your primary email as the "parent email" so that you will be informed once the account is created. I will accept the Quizlet terms and create the accounts so we don't lose class time doing this. Please sign that you agree for me to set up the Quizlet account for your child. This is the easiest way to do it. If you prefer to set it up yourself, let me know, and I will send you the paperwork. We will do the majority of homework and review guides on Quizlet this year.
